

## The Denver Post Cooking School Prize Winning Orange Cake Recipe

In response to hundreds of inquiries from the Rocky Mountain and Southern States, for the best Prize-Winning Orange Cake recipe used at the Famous Denver Post Cooking School, held in Denver's Big Auditorium three weeks ago, we have selected the following:

### PRIZE WINNING ORANGE CAKE RECIPE

Into a mixing bowl, put ingredients as follows: one cup sugar, three eggs, one-half cup butter, two-thirds cup milk, one tablespoonful of orange juice and rind. Add two cups Pike's Peak Flour, beat vigorously all together until smooth. Put in pan and bake in moderate oven. When baked and still warm, cover with icing made of the rest of the orange juice and rind. Make stiff with powdered sugar. Cake must be well beaten, and all ingredients put together at once.

### So Simple : So Easy No One Can Fail

Even if you have never baked before—you can't fail with Pike's Peak—money refunded if you do.

## JUDGES FOR PUEBLO COURTS NAMED BY SUPT. LONERGAN

Sandia Not to Have Tribunal,  
Because no Judicial Material is Available. Sessions Once at Month.

Details of the establishment of Indian courts at the pueblo, under his jurisdiction have been virtually all worked out by Superintendent Philip T. Lonergan, of the Indian service. He has decided on judges for San Felipe, Isleta, Laguna, Acoma and Santa Ana. He will name no judge for the pueblo of Sandia, because none of the Indians there come up to the requirements, which call for certain sense of responsibility—and reasonable sobriety. The courts of Indian officers are not the fruits of new legislation. They were specifically authorized by regulations in force in 1894. They named the sun dance, plural marriage, the dance of the medicine men, and other peculiarly Indian institutions as offenses and also named misdemeanors and petty crimes everything else that goes before a justice of the peace for trial, but there was a question of the right to bring the Indians before their own courts for such things as general misdemeanors and civil suits, even when the parties involved were all Indians. That point having been established, the Indian service has arranged for the court of Indian officers with the full scope originally planned. The courts will have jurisdiction over all cases short of felony, where

the offenders or parties to the suit are Indians, and the proceedings will conform as nearly as practicable to those in justice's courts. Decisions by the Indian judges are subject to review by the Indian agent, and appeals go first through his hands. From the agent appeals may be carried to the Indian office.

The judges selected by Superintendent Lonergan, whose names will be sent to the Indian office at Washington for confirmation are: Pablo Abeyta, Isleta; William Palsano, Laguna; Juanito Chino, Acoma; Jose Domingo Valencia, San Felipe; and Jose Montoya, Santa Ana.

There will be no pomp or ceremony attendant on the installation of the judges, superintendent Lonergan said. He will furnish the judges with their commissions and be on hand to see that the first sessions are started right, and that will be about all in the establishment of the pueblo tribunals.

Each court will be in session once a month. Cases coming up will be docketed for hearing at the monthly sessions. In some places two or three judges are to be appointed, but Superintendent Lonergan does not regard it as necessary to have more than one judge in each pueblo under his jurisdiction.

### ILLUSTRATED LECTURE ON PANAMA CANAL BY RESIDENT OF THE ZONE

On next Tuesday evening the Young People's Society of the Congregational church a stereopticon lecture will be given on the Panama canal. This lecture will be delivered by Mr. C. A. Cordy, who spent nine years in the Canal Zone; hence he knows the work thoroughly. His talk will be illustrated by seventy-two splendid colored views. The purpose of the lecture is for entertainment and instruction. There will be no charge for admission.

## COMMENCEMENT OF HIGH SCHOOL TONIGHT

### EIGHTH GRADE EXERCISES BEFORE LARGE AUDIENCE

Sixty-two students of the eighth grade received their certificates of completion of the grade work in Elks theater last night before an audience which taxed the capacity of the theater. President M. E. Hickey of the board of education presented the certificates, after a pleasing address, and after Superintendent John Milne had spoke to the audience of the work of the city schools. The program by the students was excellent and the class presented a splendid appearance, filling the hall 8:15.

Attention of the public is called to the fact that seats for the exercises (tonight) will hold good only until 8:15. Seats which have been reserved but are not occupied at 8:15 will be void, as the entire house will be thrown open at that time.

### LARGE CROWD WILL SEE EVANGELINE AT INDIAN SCHOOL

Lively interest is being shown in the closing exercises of the United States Indian school this week and a large number of young people have gone to the school this afternoon to see the dances and drills on the lawn.

Tonight a large crowd of Albuquerque people will go out to see the pupils present "Evangeline." The school management has made careful arrangements for carrying visitors from the lumber mill terminus of the car line to the school. Conveyances will run every five minutes from 6 until 7:45 o'clock so as to accommodate everyone. Visitors are invited to come early and inspect the school.

### TO TEACH CHILDREN EMBROIDERY DURING VACATION OF SCHOOL

Mrs. S. E. Newcomer yesterday announced that beginning next week, she will begin her usual summer vacation series of free lessons in embroidery to the school girls of Albuquerque. This is the third summer that Mrs. Newcomer has conducted these classes, and judging from the experience of the past there is every reason to expect that this will be the most successful, from the standpoint of the children, that she has yet conducted.

The lessons will be given every Tuesday and Thursday, from 9 to 11 o'clock in the morning, at the Art Shop, 315 West Central avenue. No charge will be made for the lessons, and it is certain that the unusual opportunity will be taken advantage of by a large number of the school girls of Albuquerque.

### WHEN HER BACK ACHES

A Woman Finds All Her Energy and Ambition Slipping Away.

Albuquerque women know how the ache and pain that often come when the kidneys fail make life a burden. Backache, hip pains, headaches, dizzy spells, distressing urinary troubles, are frequent indications of weak kidneys and should be checked in time. Doan's Kidney Pills are for the kidneys only. They attack kidney diseases by striking at the cause. Here's proof of their merit in an Albuquerque woman's words:

Mrs. J. Hall, 409 W. Iron Ave., Albuquerque, N. M., says: "One of my family was subject to attacks of backache for several months. Sometimes she was laid up for a day or two. Doan's Kidney Pills quickly ended this trouble and she hasn't had a sign of it during the past several years. I have publicly recommended Doan's Kidney Pills before and I can say that I have since used a few doses of Doan's Kidney Pills myself. They have helped me, too."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Graduates, you may never get another diploma, preserve this one by having it framed at the Newcomer Art Shop.

## CITY HALL PLAN IS APPROVED BY COUNCIL

Formal Resolution Adopted  
Accepting Proposition by  
Marrion and Wood Instructing  
Court Test.

### TEXT OF PROPOSAL AND THE RESOLUTION

The city council last night at a special meeting formally accepted by resolution the plan for financing the completion of the new city hall, submitted by Marrion and Wood for citizens whose names are not given. Francis E. Wood, for the attorneys, examined details to the council, stating that the interest rate had been left blank because, while it was known that the money could be secured at 8 per cent, it was thought desirable to leave the rate open, to be concluded by the council's committee, which might be able to get a lower rate in concluding the transaction. He stated that while he understood the Albuquerque banks were ready and willing to take the loans upon the basis proposed, there were others prepared to advance the money, if for any reason the banks should not be willing to do so. It is understood, however, that both the First National and the State National have expressed their willingness to have expressed their willingness to matter has been tested in court; and that the loan is to be divided among the banks.

Mr. Wood was instructed by the council to proceed at once with the court test. Following is the text of the proposal and the council's resolution of acceptance.

### The Proposal.

To the City Council of the City of Albuquerque.  
Gentlemen: With reference to the request made by your committee that our clients loan or advance to the city sufficient money to complete and furnish the new city hall now being erected, we would respectfully advise you that we have reached the conclusion, and informed our clients, that in our opinion the city has not the power under the constitution of the state to become further indebted, either by bond or contract, to complete the city hall, and that they cannot therefore safely advance or loan to the city any money on the strength of its promise or obligation to repay the same. In view, however, of the improvements already put upon the city's lots in the way of the partial erection of the building thereon, and the value of the lots as now improved, our clients are willing to make to the city the following proposition: If the city will deed to them the property with the partially completed building thereon in fee simple, they will supply all money necessary to complete and furnish the building in accordance with the plan and scheme now being carried on by the city, and allowing the city authorities to control the completion and furnishing of the building and to determine the amount to be expended for that purpose, not exceeding the sum of \$25,000. They will at the same time enter into a lease, contract and option with the city agreeing to sell and convey to the city at any time within ten years from this date the said property for the price and consideration of the amount so advanced and expended in the completion and furnishing of the building, the city to have the right to make partial payments on account of such purchase price semi-annually at any time during the existence of said option, and the property to be re-deeded to the city when the full amount of such purchase price shall have been paid; the city to pay for the use of such property a rental to be determined by computing quarterly the interest at the rate of one per cent per annum on the amount then unpaid, and the option to purchase, plus such sum, if any, as are necessarily paid by our clients for insurance or other legal charges or assessments made upon the said property pursuant to law; such lease to run concurrently with the option to purchase; the rentals herein provided for to be computed only upon the amount actually invested by our clients in the completion and furnishing of the building from the time of such investment, and these monies to be advanced upon the certificate of the city engineer from time to time as the work of completing and furnishing the building proceeds, and to be available and used only for the payment of the necessary cost of completing and furnishing the building.

### ROOSEVELT ON WAY TO PRESIDENCY SAYS CURRY

Former Governor and Congressman Thinks the Colonel's Return a Chinch—Says Mediation will not Mediate.

"Theodore Roosevelt is going to be president of the United States again in 1916," said George Curry, former governor of the territory and the first republican congressman elected from New Mexico. Governor Curry, in speaking today in Albuquerque on his way to Peach Springs, Arizona, where he is called by the illness of a relative. He is now engaged in the real estate business in El Paso with New York connections and live stock as a side line. No politics for him, is the way the former governor puts it.

"Roosevelt is his own platform," said Governor Curry. "He doesn't make any difference whether he runs as a Progressive or whether he runs as a Republican. He is in charge of the Republican party again, his personality is so commanding in this nation that he will win. Moreover we are likely to have direct primary nomination of presidential candidates by 1916 and in such case the elimination of Roosevelt as the winning factor, would be impossible."

"Re-organization of the Progressive party in New Mexico has been suggested to me," said Governor Curry with a smile, "but I have said to those suggesting it, that there isn't any Progressive party in this state. Most of the Progressives, so-called in the last election were really fusionists, joining with the Democrats for a specific purpose. The old Republican organization is in the saddle now, and will be unless W. H. Andrews, who I think is the best congressman we ever had in New Mexico, gets into the game, when Andrews is likely to become the

organization. Anyway I'm not in politics any more. I'm in business.

"Mediation," said the governor, "will not mediate. There is nothing to it. Carranza will not consent to an armistice. Why should he? He has things coming his way. His armies are on the way to Mexico City, and are going there for the purpose of looting that city as they have looted northern Mexico. Nothing is going to stop them but foreign troops. Intervention is a certain now as before the mediators made their original proposals. It is a question simply of how long it can be delayed."
